

INFORMATION SHEET – ALL-TRACE® ORGANIC CATTLE

Presentation

A 110 g bolus containing the following trace elements and vitamins:

Nutritional Additives	Product Composition	Average daily supply over 180 days from 2 boluses
Copper (Cupric oxide)	159,691 mg/kg	195.2 mg
Cobalt (Cobalt carbonate)	2,346 mg/kg	2.9 mg
Iodine (Calcium iodate)	5,163 mg/kg	6.3 mg
Manganese (Manganous sulphate)	82,735 mg/kg	101.1 mg
Selenium (Sodium selenite)	2,462 mg/kg	3.0 mg
Zinc (Zinc oxide)	104,370 mg/kg	127.6 mg
Zinc (Zinc sulphate)	29,593 mg/kg	36.2 mg

Uses

A dietetic complementary feed for the long-term supply of grazing cattle with trace elements and vitamins. **ALL-TRACE® ORGANIC CATTLE** boluses are designed to provide to grazing organic cattle that proportion of their dietary requirement of six trace elements not adequately supplied by grass. The bolus lies in the reticulum at the forward base of the rumen and slowly dissolves from a constant surface area, thus providing a continuous supply of trace elements to the animal for approximately 6 months. The boluses dissolve completely leaving no residue in the reticulo/rumen.

Simultaneous supplementation of additives with a maximum content from other sources to those incorporated in a bolus, if applicable, shall be avoided.

Before using, it is recommended to have advice from a veterinarian or nutritionist concerning:

1. The balance of trace elements in the daily ration
2. The trace element status of the herd

Administration

Administer two boluses per animal.

ALL-TRACE® ORGANIC CATTLE boluses are suitable for all classes of organic grazing cattle over 150 kg (though we would advise a minimum weight of 200 kg in larger continental breeds): dairy cows at drying off, 8-10 weeks pre-calving in beef suckler cows and growing youngstock.

Always use the recommended Agrimin cattle bolus applicator A. Both boluses can be applied in one single, simple application.

Contra-indications, Warnings etc

There is no need to administer additional copper, cobalt or selenium during the active life of **ALL-TRACE® ORGANIC CATTLE** (180 days)

MEAT AND MILK WITHHOLDING PERIOD – NIL

Pharmaceutical Precautions

Do not administer to cattle weighing less than 150 kg

Store in a cool, dry place

Reseal part used packs

Do not drop onto hard surfaces

Keep out of the reach of children
