

INFORMATION SHEET – 24·7 SMARTRACE® PLUS CALF

Presentation

A 58g bolus containing the following trace elements:

Nutritional Additives	Product Composition	Average daily supply over 180 days from one 58 g bolus
Copper (Copper oxide)	144,828 mg/kg	46.7 mg
Iodine (Calcium iodate)	13,138 mg/kg	4.2 mg
Cobalt (Cobalt carbonate)	2,509 mg/kg	0.8 mg
Selenium (Sodium selenate)	1,140 mg/kg	0.4 mg

Uses

A dietetic complementary feed for the long-term supply of grazing cattle with trace elements. Intended for ruminating calves over 6 weeks of age weighing between 100-200 kg on grass or forage-based diets. Agrimin **24·7 SMARTRACE® PLUS CALF** is designed for situations where iodine, cobalt and selenium supplementation is essential in the early stages of growth and where additional copper is required.

24·7 SMARTRACE® PLUS CALF boluses are designed to lie in the reticulum. The wrapper on the bolus dissolves and the bolus breaks into two parts. These erode and dissolve thus providing a continuous and regular supply of nutrients to the animal over its 180-day active life. The bolus dissolves completely leaving no residue in the reticulo/rumen.

Simultaneous supplementation of additives with a maximum content from other sources to those incorporated in a bolus, if applicable, shall be avoided.

Before using, it is recommended to have advice from a veterinarian or nutritionist concerning:

1. The balance of trace elements in the daily ration
2. The trace element status of the herd

Administration

Administer one 58 g bolus per animal

24·7 SMARTRACE® PLUS CALF can be given to all classes of ruminating beef and dairy calves over 6 weeks of age weighing between 100-200 kg liveweight

Always use the recommended Agrimin cattle bolus applicator B

Once calves reach approximately 200 kg they can be given 24·7 SMARTRACE® PLUS GROWING CATTLE boluses

Contra-indications, Warnings etc

There is no need to administer additional copper, iodine, cobalt or selenium during the active life of **24·7 SMARTRACE® PLUS CALF** (180 days)

MEAT AND MILK WITHHOLDING PERIOD – NIL

Pharmaceutical Precautions

Suitable only for ruminating calves between 100-200 kg

Do not administer to calves less than 6 weeks of age

Store in a cool, dry place

Reseal part used packs

Do not drop onto hard surfaces

Keep out of the reach of children
